## 2014 Professional Lighting Solutions Seminar & NPI

PROFESSIONAL LIGHTING  
SOLUTION SEMINAR  
OCTOBER 2014

Metalumen would like to thank all the professionals who attended our annual seminar held in October 2014! The world class latest product innovations were shown and customers/partners had a great encounter with our internal team and manufacturing facility members who design, develop, support and build the Commercial, Edulumen, Medilumen and Metrolumen products.

The Lighting Education Seminar, qualified for AIA (2 LU), CEU (0.2 CEU) & LEU (2 LEU) credits, was very well received as it touched on the most recent LED technologies and standards that affect our Engineers, designers and Architects on their day to day projects.

## AIA/NCQLP/IDCEC EDUCATION

**Metalumen is proud to be CEU accredited!**

We are now an accredited provider for the American Institute of Architects (AIA), Interior Design Continuing Education Council (IDCEC) and National Council on Qualifications for the Lighting Professions (NCQLP) for continuing education. All our lighting focused seminars demonstrate best practices in lighting application, strategies in energy conservation, and human centric drivers for wellbeing per application and maintenance factors. Each seminar is 1 to 2 hours in length and qualifies for 0.2 to 2.0 CEU, LEU and LU credits.
