

ORBIT II LED

Architectural Commercial Lighting just received another great series by Metalumen offering 119 LPW

Metalumen is pleased to announce the launch of the new and improved direct/indirect LED and fluorescent pendants, Orbit II O₂DS series. This revolutionary new product joins the recently introduced Horizon II LED series in merging affordability and performance. Designed to complement almost any decor with sleek round profile, these fixtures will look at home in a high-end office environment or will modernize a utilitarian school. With up to 119 LPW luminaire in T8, T5 and T5HO equivalent, there is no reason you cannot meet and exceed outstanding energy conservation and savings for your application.

Standard Features

- LED option features direct/indirect distribution, using our new and efficacious LED array and MetalLED mid flux LED technology optical system in conjunction with Metalce acrylic diffuser for smooth distribution; this creates a continuum of uniform light.
- Four LED light levels per model – from 3123 to 10932 lumens
- Up to 119 LPW
- 4', 8' sections or continuous runs
- +65% savings including maintenance
- Three CCT - 3000K, 3500K & 4000K
- Standard 0-10V dimming driver.
- Optional Integral Daylight and occupancy sensor
- 83+ CRI in LED
- T8, T5, T5HO, or LED available.
- Perforated or solid cross blade baffle
- 120-277V or 347V
- LM79 & LM80 compliant
- L85 @ 60,000h by TM21
- 5 year Limited warranty
- DLC pending qualifications

4' Orbit II Suspended and surface LED light Level Outputs

Light Level	Wattage	Lumens Delivered	Efficacy (LPW)	Fluorescent Equivalent	Energy Savings*
L1	27.3	3123	114	1T8/T5	48%
L2	34.8	3983	114	2T8/T5HO	36%
L3	47.8	5704	119	3T8/2T5/T5HO	50%
L4	95.6	10932	114	3T5HO	46%

* Energy Savings based upon standard lamp/ballast combination using an equivalent O2M series with Opal inlay
