

Architectural Commercial Lighting just received another great series by Metalumen offering 113 LPW

Metalumen is pleased to announce the launch of the new and improved direct/indirect LED and fluorescent pendants, Planar S2E series. This revolutionary new product joins the recently introduced Horizon II LED series & Orbit II LED in merging affordability and performance. Designed to complement almost any decor with sleek profile, these fixtures will look at home in a high-end office environment or will modernize a utilitarian school. With up to 113 LPW luminaire in T8, T5 and T5HO equivalent, there is no reason you cannot meet and exceed outstanding energy conservation and savings for your application.

Standard Features

- LED option features direct/indirect distribution, using our new and efficacious LED array and MetalLED mid flux LED technology optical system in conjunction with Metalce acrylic diffuser for smooth distribution; this creates a continuum of uniform light.
- Four LED light levels per model – from 2967 to 10386 lumens
- Up to 113 LPW
- 4', 8' sections or continuous runs
- +54% savings including maintenance
- Three CCT - 3000K, 3500K & 4000K
- Standard 0-10V dimming driver.
- Optional Integral Daylight and occupancy sensor
- 83+ CRI in LED
- T8, T5, T5HO, or LED available.
- Solid cross blade baffle with opal overlay
- 120-277V or 347V
- LM79 & LM80 compliant
- L85 @ 60,000h by TM21
- 5 year Limited warranty
- DLC pending qualifications

Up to 50%
Energy Savings
ONLY

4' Planar Suspended and surface LED light Level Outputs					
Light Level	Wattage	Lumens Delivered	Efficacy (LPW)	Fluorescent Equivalent	Energy Savings *
L1	27	2967	109	1T8/T5	48%
