

TRANSFORM

TRA14

Direct / Indirect | LED | Pendant

The slim **Transform**
TRA14 delivers effortless
lighting that appears
to be floating

while having a big impact on direct / indirect ambient illumination to all surfaces.

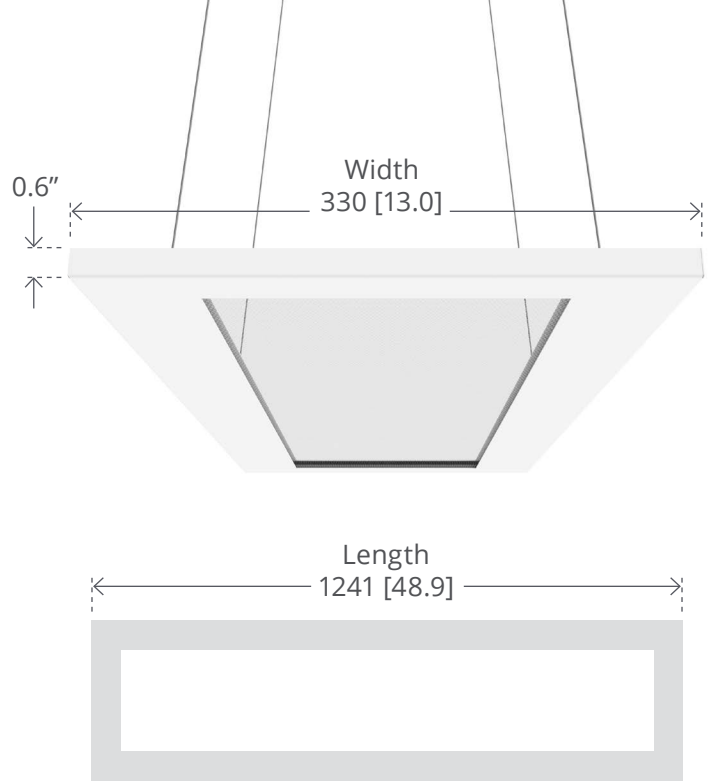

Transform carefully directs light up for general illumination while aiming it down perfectly for an even glow.

When not illuminated, the Transform almost appears to be transparent.

With one of the thinnest profiles in the market, the Transform delivers on today's needs for multi-functional and creates an imaginative workspace. It offers flexibility when designing today's open office and educational environments.

TRA14 OFFERS THE FOLLOWING INDUSTRY LEADING FEATURES:

- Only 0.6 inch narrow profile
- 100% concealed source for zero glare and great uniformity
- Modern and solid design

ORDERING LOGIC

Sample part number: **TRA14-2L40K-4-AR-W-L51-P1-1-NR-90**

Series/Model	TRA14	
Color Temp	2L30K	3000K
	2L35K	3500K
	2L40K	4000K
	90 CRI is available under OPTIONS	
Length	4	4 ft
	R	Continuous Rows
Optics	AR	AccuRay
Finish	W	White
	C	Custom Finish
Light Level/ Driver	L3	See Performance at 3500K (right)
	L4	
	L5	
	L6	
Circuitry	1	1 Circuit
Mounting	P1	Power Over Aircraft Cable 18"
	P2	Power Over Aircraft Cable 48"
	P3	Power Over Aircraft Cable 60"
Voltage	1	120 V
	2	277 V
	3	347 V
	4	UNV (120 - 277V)
Controls	N	None
Driver Location	R	Remote
Options	90	90 CRI, High R9
	N	None

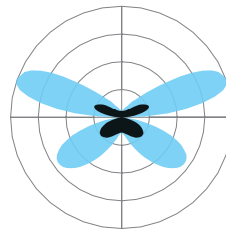

BENEFITS

- AccuRay® optics enabled
- Rincon® powered suspension technology
- Staggered or continuous rows with bracket accessories
- Standard dimming 10%-100% range
- 4 standard light levels

PERFORMANCE at 3500K

LIGHT LEVEL	LUMENS	WATTAGE	EFFICACY (LPW)
L3	2399	23	104
L4	4639	49	94
L5	6749	74	91
L6	7679	85	90
Color Rendering (CRI) ¹	83+		
L70 Estimate (h)	≥ 72,000 hrs		

¹ See page 1 on spec sheet for 90 CRI Lumen Adjustment Factor chart.

Efficacy: 104 LPW
 Lumens: 2399
 Wattage: 23
 Distribution: 54% Up / 46% Down
 File: TRA14-2L35K-4-AR-L3
